PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

HPMS Approved Formulary File Submission ID 00024447, Version 11

This formulary was updated April 2024 and is effective April 1, 2024.

This is not a complete list of drugs covered by our plan. For a complete listing or other questions please contact Nascentia Health Plus Member Services at 1-888-477-4663 (TTY users should call 711), 8am-8pm, Mon-Fri (April-Sept), 8am-8pm, 7 days a week (Oct-March) or visit nascentiahealthplus.org.

Nascentia Health Plus

2024 Comprehensive Formulary

(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00024447, Version 11

This formulary was updated April 2024.

For more recent information or other questions, please contact:

Member Services, Nascentia Health Plus, at 1-888-477-4663. For TTY users: 711.
Our staff are available Monday through Friday, from 8:00 a.m. until 8:00 p.m.

Or visit: nascentiahealthplus.org.

Introduction

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Nascentia Health Plus. When it refers to “plan” or “our plan,” it means any of the three 2023 Nascentia Health Plus Medicare Advantage plan options.

This document includes the list of the drugs (formulary) for our plan which is current as of April 1, 2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Nascentia Health Plus Formulary?

A formulary is a list of covered drugs selected by Nascentia Health Plus, in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Nascentia Health Plus will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Nascentia Health Plus network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

For a complete listing of all prescription drugs covered by Nascentia Health Plus, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make this type of change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to Nascentia Health Plus’s Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 31-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Nascentia Health Plus’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2023 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2023 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of April 1, 2024. To get updated information about the drugs covered by Nascentia Health Plus, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 94. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Nascentia Health Plus covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Nascentia Health Plus requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Nascentia Health Plus before you fill your prescriptions. If you don't get approval, Nascentia Health Plus may not cover the drug.
- **Quantity Limits:** For certain drugs, Nascentia Health Plus limits the amount of the drug that Nascentia Health Plus will cover. For example, Nascentia Health Plus provides 60 or 90 pills per prescription (depending on the strength of the drug), for oxycodone hcl. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Nascentia Health Plus requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Nascentia Health Plus may not cover Drug B unless you try Drug A first. If Drug A does not work for you, then Nascentia Health Plus will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain prior authorization restrictions and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Nascentia Health Plus to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Nascentia Health Plus formulary?" on the next page for information about how to request an exception.

What are over-the counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Nascentia Health Plus pays for certain OTC drugs. Nascentia Health Plus will provide these OTC drugs at no cost to you. The cost to Nascentia Health Plus of these OTC drugs will not count toward your total Part D drug costs (that is, the cost of the OTC drugs does not count for the coverage gap.)

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Nascentia Health Plus does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Nascentia Health Plus. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Nascentia Health Plus.
- You can ask Nascentia Health Plus to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Nascentia Health Plus Formulary?

You can ask Nascentia Health Plus to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Nascentia Health Plus limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Nascentia Health Plus will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, cost sharing, or utilization restriction exception. **When you request a formulary, cost sharing, or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 31-day supply of medication. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For more information

For more detailed information about your Nascentia Health Plus prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Nascentia Health Plus, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at: 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or visit <http://www.medicare.gov>.

Nascentia Health Plus Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Nascentia Health Plus. If you have trouble finding your drug in the list, turn to the Index that begins on page 94.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA ORAL TABLET) and generic drugs are listed in lower-case italics (e.g., *glimepiride oral tablet*).

The information in the Requirements/Limits column tells you if Nascentia Health Plus has any special requirements for coverage of your drug. A list of abbreviations that are used, and their meanings is found on page 3.

Disclaimers

Nascentia Health Plus is a Health Maintenance Organization (HMO) Special Needs Plan (SNP) with a Medicare contract and Coordination of Benefits Agreement with the New York State Department of Health. Enrollment in Nascentia Health Plus depends on contract renewal.

Benefits, premiums, deductibles, and/or copayments/coinsurance may change on January 1 of each year and may vary based on the level of Extra Help you receive. You must continue to pay your Part B premium. The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

Nascentia Health Plus complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Nascentia Health Plus does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. Nascentia Health Plus provides free aids and services to people with disabilities to communicate effectively with us such as: Qualified language interpreters, written information in other formats (large print, audio, etc.) and languages. If you need these services, contact Nascentia Health Plus Member Services at 1-888-477-4663.

Legend

1: Covered Medications

BvD: Part B vs. Part D- This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

MO: Mail Order Eligible- This prescription may also be available via mail.

PA: Prior Authorization- You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.

QL: Quantity Limit- There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.

ST: Step Therapy - In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
