Dear supporter,

We are excited to announce that our 12th annual Raise a Glass fundraiser is Sunday, October 6, from 1–4 at Timber Banks Golf Club in Baldwinsville. More than 300 guests attend this popular event, which features a silent auction with many amazing items, dozens of raffle baskets, wine tasting, food, and more.

We hope that your business will consider donating to our silent auction. The many unique items generously provided by local businesses are a major source of funds raised at this event. We appreciate donations of anything you are able to give, such as gift cards for products and services, gift baskets, physical items, and more. Our attendees are always excited to bid and routinely pay higher than the item value! We also encourage you to purchase tickets at $50 per person so you and your team can attend this fun event.

Raise a Glass supports our nonprofit Nascentia Health Charitable Foundation, which provides direct support to improve the quality of life for our financially challenged patients and their families throughout Central New York, and specialized education and training to our nurses and home health aides. In 2023, we helped more than 250 people, including infants, children, adults, the elderly, and their families. The gifts of comfort, safety, and self-sufficiency that we provide help change their lives for the better.

To donate or for any questions, please contact philathropy administrator Rebecca Lerman at foundation@nascentiahealth.org or (315) 477-9547. Donations can be accepted any time before August 30. We greatly appreciate your support and hope to see you there! Learn more and buy tickets at nascentiahealth.org/raiseaglass.

Sincerely,

Kate Rolf
